

Compact Sized 3-Bander for 50/144/430MHz

* Features:

- 1) COMET succeeded in developing compact 1.08m long 3-bander.
- 2) Fold-Over is convenient for parking the car at narrow place.
- 3) Additional use of COMET triplexer, such as CFX-514, allows 3-bands TX/RX at the same time.

* Specifications:

Frequencies: 50/144/430MHz bands
 Gain : 2.15/3.5/6.0dBi
 Input Power: 120W(FM) total
 Impedance : 50 ohm
 V.SWR : Less than 1 : 1.5
 Length : 1.08m
 Weight : 300 g
 Connector : M-P (PL-259) type
 Type : 50MHz - 1/4 wave shortened
 144MHz - 1/2 wave + C-phase
 430MHz - 5/8 wave + C-phase

* Remarks:

- 1) SB-14 includes high 430MHz. Please use high quality coax. cable of 50 ohm standard.
- 2) While driving the car, please do not fold-down the antenna. Please also confirm tight-fastening of each set-screws.
